

**Methodological note for public transparency reporting to HCP/HCO at
Kyowa Kirin AB
Methodological Note for 2025 data**

Introduction

Kyowa Kirin AB is committed to supporting healthcare and the development of patient care in Sweden.

We do this through the provision of financial and non-financial support to Healthcare Organizations (HCOs), and Healthcare Professionals (HCPs). We also engage and pay HCOs and HCPs for services that contribute to the improvement of patient care.

Provision of support and payments for services are referred to as 'Transfers of Value' (ToVs). In accordance with the EFPIA Code of Practice, Kyowa Kirin AB publishes annually details of ToVs to these individuals and organizations.

1. Definition

1.2 Recipients

Healthcare Organizations (HCOs): Any healthcare, medical or scientific association or organization such as a hospital, foundation, university or other teaching institution or learned society (except for those who qualify as a Patient Organization) through which one or more HCPs provide services.

Patient Organizations (POs): Not for profit organization (including the umbrella organizations to which they belong) mainly composed of patients and /or caregivers that represent and/or support the needs of patients and/or caregivers.

Healthcare Professionals (HCPs): Any individual or entity that is a member of medical, dental, pharmacy or nursing professions or any other person who, in the course of his or her professional activities, may prescribe, purchase, supply, recommend or administer a medicinal product. For the avoidance of doubt, the definition of HCP includes: (i) any official or employee of a government agency or other organization (whether in the public or private sector) that may prescribe, purchase, supply or administer medicinal products and (ii) any employee of a Member Company whose primary occupation is that of a practicing HCP, but excludes (a) all other employees of a Member Company and (b) a wholesaler or distributor of medicinal products.

Retired HCPs - some HCPs continue to provide advice to the healthcare community after they have retired. Generally, Kyowa Kirin AB includes such HCPs in the applicable regulation's definition of an HCP, however this depends on their role and ability to prescribe and influence.

1.3 Kind of ToVs

This disclosure includes the following ToVs:

EFPIA* Category	EFPIA sub-category	Examples
Donations and grants	N/A	<ul style="list-style-type: none">• Donations to HCOs• Educational grants• Investigator- Sponsored Studies
Contribution to cost of events	Sponsorship agreements	Sponsorship of events

		organized by HCOs or third-parties on their behalf
	Registration fees	Financial support to HCPs to attend congresses is not applicable for Sweden according to local code and regulation.
	Travel and accommodation	HCPs' travel* and accommodation costs for attending congresses are not applicable for Sweden according to local code and regulation.
Fees for service	Fees	Fees for: i) Chairing or attending Advisory Boards; ii) Speaking engagements; iii) Medical writing iv) Consultancy
	Related expenses	Travel and accommodation expenses relating to the activities above
Research and Development	N/A	Activities relating to: i) the planning or conduct of non-clinical studies; ii) clinical trials, iii) non-interventional studies that are prospective in nature; iv) clinical investigators' meetings

* European Federation of Pharmaceutical Industries & Associations

* Short joint ground transport (e.g., from a collection point to the meeting room) may be arranged under specific circumstances and paid for by the company for logistical reasons.

If activities relate to retrospective non-interventional studies, then they are included in Fees for Service, rather than Research and Development.

2. Disclosure's Scope

2.1 Products concerned

Prescribed Only Medicines

2.2 Company concerned

Kyowa Kirin AB.

Each Kyowa Kirin affiliate, in countries where the EFPIA code is applicable, is accountable for capturing and validating ToV data in their nation, and one disclosure is made per nation.

2.3 Excluded ToVs

This disclosure excludes the following ToVs:

- Transfer of values that are solely related to over-the-counter medicines Informational and educational materials and items of Medical Utility governed by Article 17 in the EFPIA Code of Practice.

- Meals governed by Article 10 in the EFPIA Code of practice.
- Medical Samples governed by Article 19 in the EFPIA Code of Practice.
- Transfer of values that are part of ordinary course purchases and sales of medicinal products by and between a Member Company and an HCP (such as a pharmacist) or an HCO do not fall within the scope of the disclosure obligation.
- Support and services to patient organizations (PO's) are disclosed separately in accordance with Article 24 of the EFPIA Code of Practice and are not included in this report on transfers of value to HCP's and HCO's.

2.4 ToVs Date

This disclosure covers ToVs between 1st January 2025 to 31st December 2025 to HCOs and HCPs which are registered in Sweden.

The date of the transfers of value included in this disclosure is based on date of payment (where the transfer of value is payment).

If the transfer of value is a benefit in kind, it is based on the date the recipient received the benefit.

Some engagements last for more than a year (multi-year contracts) and entail that payments are made as the activity in question progresses upon receipt of corresponding invoices. The Transfers of Value are recorded in the year they are provided and disclosed accordingly.

2.5 Direct ToVs

For direct ToVs, the recipient is considered to be the person or entity holding the bank account receiving the money.

2.6 Indirect ToVs

Kyowa Kirin AB also provides indirect ToVs.

Payments that are made through Clinical Research Organizations are included under Research and Development and aggregated.

Where a third party has been appointed by an HCO to manage an event, and where the HCO benefits from the ToV, the ToV is disclosed against the HCO. Where third parties are appointed by Kyowa Kirin AB to make travel and accommodation arrangements for HCPs, the ToVs are reported against the HCP who received the benefit.

2.7 Non-monetary ToVs

In-kind donations e.g. colleague time, educational materials, books, disease awareness, scientific exchange, education, training. If the transfer of value is a benefit in kind, it is based on the date the recipient received the benefit.

2.8 ToVs in case of partial attendances or cancellation and refund

Costs arising from the cancellation of collaboration or partial attendance are not subject to disclosure where no financial benefit is received by the HCP or HCO. Any contractual payments or cancellation fees as per service contracts made to an HCP or HCO are disclosed.

2.9 Cross-border activities

Kyowa Kirin AB makes best efforts to capture and report all ToVs to HCPs, POs and HCOs with primary practice in a country with EFPIA Disclosure Code. The country of disclosure is based on the HCP's country of principal practice or the HCO's or country of registration.

2.10 R&D

ToVs of R&D include fees and expenses (e.g., travel and accommodation) provided to a healthcare professional (HCP) or healthcare organization (HCO) for the provision of services related to R&D related activities (pre-clinical studies, clinical trials or non-interventional studies).

ToVs related to planning or conduct of research and product development (R&D) are those pertinent to planning and implementation of i) non clinical studies, ii) clinical trials, iii) non-interventional studies. Retrospective non-interventional studies do not fall under the category of R&D activities and must therefore be disclosed individually. If the ToV is related to R&D, the disclosure should be on an aggregate basis.

2.11 Voluntary disclosure

N/A

3. Specific considerations

3.1 Country unique identifier

N/A

3.2 Self-incorporated HCP (depending on the local legislation, qualified as individual or company)

Where an HCP provides services but invoices via a legal entity owned by that individual, the interaction is considered HCP-related and the ToV is disclosed under HCP, even if payment is made to the company. Where services are provided by a legal entity independently of a named individual, the ToV is disclosed under the HCO.

3.3 Multi-year agreements

For multi-year agreements, disclosures are made based on the date each payment is executed, regardless of the overall contract duration.

3.4 Country specificities

N/A

3.5 Quality Checks (optional for pre-disclosure)

Kyowa Kirin AB conducts a quality review of completed Disclosable ToVs during the Report Generation process, including completeness and accuracy checks.

4. Data protection legal basis

4.1 Consent collection

In Sweden, ToVs to HCOs and are reported without the need for consent from these HCOs, as they are legal entities.

4.2 Legitimate interest

Since the disclosure of all 2022 data, Kyowa Kirin AB has been relying on legitimate interest or legal obligation as the legal basis for disclosure purposes and any transfers of value made to HCPs will be publicly disclosed individually on a named basis for Sweden. For any explicit request to opt out, the transfer of value is included in the aggregate amount in the report.

5. Form of disclosure

5.1 Date of publication

By 30th June 2026

5.2 Disclosure platform

For Sweden, the report is published on LIF's homepage: [Sök öppen rapportering av värdeöverföring](#) and on Kyowa Kirin AB company website: [Responsibility | Kyowa Kirin](#)

5.3 Disclosure language

The disclosure report is published in Swedish. The Methodological Note is available in Swedish and English. Data will remain published for 3 years and stored for a minimum of 5 years by Kyowa Kirin. Updates of published data are conducted when necessary to allow for reflection of data updates or consent withdrawal after disclosure submission.

6. Disclosure financial data

6.1 Currency (local or if not, specify the exchange rate)

The currency used for disclosure is SEK. In the case that payments are made in a currency other than SEK the payment amount is converted to SEK using the daily exchange rate between the two currencies on the day of payment.

6.2 VAT included or excluded

All ToVs include VAT where applicable. Transfers of value to an individual (natural person) are reported as gross amounts.

6.3 Calculation rules (e.g., in-kind ToVs)

The date of the ToVs included in this disclosure is the date of payment (where the ToV is payment); if the ToV is a benefit in kind, it is based on the date the recipient received the benefit.

7. Additional information

Any questions regarding this disclosure should be directed to infose@kyowakirin.com.
